

I spend 8 hours a day in my car. I listen to satellite radio. The freedom of choice is very important to me. I paid for this service. Commerical radio has not kept up with the times. Please do NOT restrict satellite radio and their broadcasts. I desire the right to choose what I want to listen to not what is selected by commerical radio stations and their owners. As long as I pay for this service tell commerical to stay out of my listening pleasures.
Thank You
